This image shows step 56 of a LEGO Technic assembly. The structure is a complex mechanical build featuring a large black wheel with a white center, mounted on a white axle. The wheel is connected to a series of white gears and a white rack-and-pinion mechanism. The assembly is constructed using a variety of colored Technic bricks and beams, including white, black, grey, blue, and red. A prominent red beam runs horizontally across the top. The background is a solid light blue.
