Buen trabajo.
Ahora a programar.

Sequence 1: A grey brick icon labeled 'A' is followed by a green block with a motor icon and a blue box containing '1'. This is followed by a yellow loop containing three green blocks: a motor icon with a curved arrow, a motor icon with an hourglass, and a yellow block with an hourglass labeled '0.5'. The loop is followed by two more green blocks: a motor icon with a curved arrow and a motor icon with an hourglass labeled '2'. The sequence ends with a yellow loop containing a single green block with a curved arrow.

Sequence 2: A grey brick icon labeled 'A' is followed by a red block with a musical note icon and a blue box containing '4'. This is followed by a yellow block with an hourglass icon and a blue box containing '1'. Then a green block with a brick icon and a rainbow icon and a blue box containing '8'. This is followed by a red block with a musical note icon and a blue box containing '19'. Then a yellow block with an hourglass icon and a blue box containing '1'. Finally, a green block with a brick icon and a rainbow icon and a blue box containing '6'. The sequence ends with a yellow loop containing a single green block with a curved arrow.

Navigation buttons: A yellow button with a green play icon and a yellow button with a red square icon.
